Wedding Officiant

It is our honor to have Juan as our **officiant**, he is professional and kind. We had a zoom virtual **wedding**, and we have about 20 friends and family members from different areas of the world, so we were worried about how to manage the process and the ceremony, but Juan created such a sweet vibe that all of our friends and family enjoyed it, some of them even cried. From the very beginning, Juan gave us clear instructions on the **wedding** and the license. Easy to reach with both phone and text messages. Thank you!

Wedding Officiant

It was such a pleasure having Mr. Juan as our **officiant**. It was kind of last minute, but he was very responsive.

The ceremony was beautiful. I am so happy that he was the one to be there to **officiate** our **wedding** and made it even more special.

**Absolutely perfect!**

After deciding to forego the church ceremony and have everything at our venue - we came across Juan Toro - and never looked back! From initial contact to wedding, he was so attentive and accommodating. We wanted to find an officiant that was bilingual in Spanish and English - and sounded natural speaking both. Juan's tone and demeanor was nothing short of perfection! He worked so closely with us to create the perfect ceremony and we are forever grateful! We got to know him so well, we'd consider him family now! Thank you again Juan!

### **Best decision I ever made**

I was 6 weeks away from my wedding and realized I forgot to book the most important part of the wedding, my officiant. I desperately went on the hunt through the app and sent a mass message to every officiant on the app. I got many responses but Juan's stood out. It wasn't his price that stood out, which is extremely reasonable, but it was his genuine and sincere response to my request. I knew from reading that first response that he was a very nice human being. I decided to go with him for his great ratings, price and professionalism. What I didn't know was how great of an addition he was to the wedding. He was so accommodating to all my requests, communicated throughout the entire process, expressed his excitement for our union, and performed an amazing ceremony full of inspiration, love, faith, and joy. He even takes your marriage certificate and mails it out for you! He also emailed me and left some encouraging and beautiful words. Like this guy is the best! Thank you Juan for being a part of my wedding and for your professionalism throughout this process. You are a gem!
